

TIG WELDER

WTIG

HEAT RESISTANCE WITH PRECISION

The WTIG glove features a supple cow grain construction palm & back of hand that is both highly dexterous and abrasion resistant, while its thumb and index construction lends a great feel when precision welding. The WTIG has a 4" full leather cuff, welted seams and is stitched throughout with tough aramid thread.

TECHNICAL INFORMATION:

EN388:2016

2112

Category 2

PRODUCT FEATURES:

- ▶ Cow Grain Leather Palm
- ▶ Cow Grain Leather Back of Hand
- ▶ 4" Cow Split Leather Safety Cuff
- ▶ Seamless Index Finger Design
- ▶ Wing Thumb Designed Specifically for TIG Welding
- ▶ Made with DuPont™ Kevlar® Thread and Welted Seams for Added Strength

INDUSTRIES:

TIG Welding, Automotive, Aerospace
